Sir,

In forwarding herewith, copy of docket No. 508, dated 12/14th instant, from the Deputy Commissioner, Tumkur District, together with the record of enquiry into the claim to Toddy revenue preferred by the Jodidar of Byrenahalli in the Kortagere Sub-taluk, I have the honor to state that I concur in the Deputy Commissioner's opinion that the Jodidar is not entitled to Excise Revenue from toddy. A toddy shop exists in this village; and the right of vending toddy in it was sold in the years 1892-93 and 1893-94 for Rs 535-8-0, and Rs 673-5-9, respectively. The whole of the revenue vests in Government; the Jodidar being entitled only to the Mohaturfa tax on the shop in his village.

About twenty date trees seem to exist in this village, but they were not sold by Government. The Jodidar may be allowed to let them to Government Toddy

The Govt. appears to have entirely misunderstood the fact that Govt. Dasturs evidently supply the staple with the Toddy it sells & if it had not these dasturs there would be no sale of Toddy. The Shd thumpies ascertain how many trees appropriately attached for the sale of Toddy in the Inam Shops & how many Cadans of Toddy were sold during the years 92/93, 93/94 & must now be used as "Rent" as distinguished from Govt. Toddy trees & Shd be strictly understood that in case of trees of this kind the Govt. trees sold for must be such as have no separate Inam leaves of this description which should be removed & sold separately so that "Rent" & "Rent" may not be mixed up but readily known apart.

be given to the Jodidars for 20 years and a half of it for 10 years more in cases where Inam villages have been alienated to a Community. With reference to the above, has the honor to observe that the Excise Comr appears to have entirely overlooked the fact that Govt Date trees evidently supply the shop with the toddy it

sells and if it had not these trees, there would be no shop. He is therefore requested to ascertain from the Dy Comrs how many trees approximately were utilized for the sale of Toddy in the Arrack shop and how many gadas of Toddy were sold during the years 1892-93, & 1893-94 and what sum he would now fix as Govt rent for the Toddy trees so utilized.

2. It should be distinctly understood that in a case of this kind, the Govt trees rented for such Arrack shops as have no separate Arrack Groves of their own should be reserved and sold separately by Dy Comrs to that "Excise"

village in the Hosdurga Sub-Taluk is dependent for the supply of Toddy solely upon a Government date grove at Bunnavadi in the Maddigiri taluk, and that four hundred trees were tapped in the said grove in 1892-93 and 1893-94 for the supply of Toddy to the said shop, which amounted to 832 ghadas in 1892-'93 and 865 ghadas in 1893-'94.

2. The Deputy Commissioner proposes to charge to the said Inam village a rent at Rs. 0-1-6 for each date tree tapped per annum, which is said to be the usual rate at which the trees in assessed occupied lands are purchased by Government Farmers. I do not agree with the Deputy Commissioner on this point. The case of the date trees in occupied lands is different from that of the trees in un-occupied Government lands, because the owners of the trees in the former not being entitled to duty on Toddy which is a Government monopoly, (and which duty the Government indirectly derives

derives through the Farmers.), get only the rent at Rs. 0-1-6. or Rs. 0-2-0 per tree on account of their proprietory right to the trees; whereas the Government who own the trees in the latter, are entitled not only to the rent of the trees, but also to the duty on Toddy. The amounts of Rs. 535-8-0 and Rs. 538-11-0 for 1892-93 and 1893-'94, respectively, include not only duty and rent but also the value of the right of vend in the shop. The Inamdar being entitled only to the right of vend, I am of opinion that $\frac{2}{3}$rds of the above amounts should be credited to Government, $\frac{1}{3}$rd thereof being given to the Inamdar.
